Subject: 2017 Draft 2 for the SPRFMO Observer Programme CMM
Attachments: SPRFMO OBS CMM Draft2_2017.docx

Dear OPWG,

I have the pleasure of providing the revised second draft (2017 draft 2) of the SPRFMO Observer Programme CMM.

I have tried my best to incorporate your feedback. In some cases where conflicting input had to be reconciled, I followed what I felt was the prevailing direction of the measure. If you feel your input remains valid, please resubmit it for the group's consideration. There is a small number of areas where text remains in brackets and we need to determine the direction. I have highlighted these and welcome your thoughts in order to resolve.

I will also provide 2017 draft 2 to the Scientific Committee on August 20th as described in the Terms of Reference.

I sincerely regret the delay in getting this draft to you and hope to get any further feedback from you by October 2, 2017. This feedback will allow me to prepare and circulate a final draft for 2017 by October 27, 2017.

I look forward to your continued engagement in this effort.

Regards,

Michael Tosatto
Regional Administrator
NOAA Fisheries Service
Pacific Islands Regional Office
