Re: CMM on Minimum Standards of Inspection in Port

Dear Dr. Fischer:

In accordance with the provisions of Conservation and Management Measure on Minimum Standards of Inspection in Port (CMM 2.07), we are pleased to provide you with the following information:

The United States is designating all of its ports for the purposes of this CMM, subject to existing requirements under U.S. law regarding entry into and use of U.S. ports. Existing U.S. law restricts activities in U.S. ports and these restrictions are unaffected by CMM 2.07.

The U.S. point of contact (POC) for the purposes of receiving notices of arrivals from foreign fishing vessels seeking to enter U.S. ports is the United States Coast Guard (USCG). The specific USCG POC differs depending on the U.S. port, and all are managed by the National Vessel Movement Center. Notice of arrival may be made by electronic submission, email, fax, or phone, detailed at 33 Code of Federal Regulations ([www.ecfr.gov](http://www.ecfr.gov)) § 160.210.

The U.S. POC for the purpose of receiving inspection reports is:

National Oceanic and Atmospheric Administration (NOAA)  
Office of Law Enforcement (OLE) – Pacific Islands  
1845 Wasp Blvd.  
Building 176  
Honolulu, HI 96818

Phone: (808) 725-6100  
Fax: (808) 725-6119

Please circulate this letter to all Commission Members and Cooperating non-Contracting Parties.

Sincerely,

A handwritten signature in black ink, appearing to read "m. D. Tosatto". The signature is fluid and cursive, with a large loop at the end.

Michael D. Tosatto  
Regional Administrator
