The artisanal fishing vessel "GUIAME DIVINO CAUTIVO", which stopped transmitting its position on 2023-11-23 07:47:14 UTC, it immediately returned to port as established by our national regulations.

It subsequently retransmitted its position on 2023-11-25 20:41:31 UTC in a Peruvian port.

According to the technical review of the satellite provider CLS PERU, it argued that there was a failure in the internal fuse of the device, which caused said device to stop transmitting its position.

This event was communicated to the SPRFMO Compliance Manager, and the technical report provided by the satellite provider company was sent.
