The Compliance and Technical Committee, at its third meeting, from 21 to 23 January 2015, has encouraged New Zealand to propose such an amendment to CMM 1.04.

Annex O

CMM 1.04

CONSERVATION AND MANAGEMENT MEASURE ESTABLISHING A LIST OF VESSELS PRESUMED TO HAVE CARRIED OUT ILLEGAL, UNREPORTED AND UNREGULATED FISHING ACTIVITIES IN THE SPRFMO CONVENTION AREA

The Commission of the South Pacific Regional Fisheries Management Organisation,

RECALLING that the FAO Council adopted on 23 June 2001 an International Plan of Action to prevent, to deter and eliminate illegal, unreported and unregulated fishing (IPOAIUU). This plan stipulates that the identification of the vessels carrying out illegal, unreported and unregulated (IUU) activities should follow agreed procedures and be applied in an equitable, transparent and non-discriminatory way.

CONCERNED by the fact that IUU fishing activities in the Convention area diminish the effectiveness of SPRFMO conservation and management measures,

DETERMINED to address the challenge of an increase in IUU fishing activities by way of counter-measures to be applied in respect to the vessels, without prejudice to further measures adopted in respect of flag States under the relevant SPRFMO instruments.

NOTING that efforts to prevent, deter and eliminate IUU fishing must be addressed in the light of all relevant international fisheries instruments and in accordance with other relevant international obligations, including the rights and obligations established under the World Trade Organization (WTO) Agreement.

RECALLING Article 27 of the Convention, which calls on Members to address IUU fishing activities and to establish appropriate cooperative procedures for effective monitoring, control and surveillance of fishing and to ensure compliance with the Convention.

ADOPTS the following conservation and management measure in accordance with Articles 8 and 20 of the Convention:

 - a) Engage in fishing for fishery resources and are not registered on the SPRFMO list of vessels authorized to fish in the Convention Area;
 - b) Engage in fishing for fishery resources whose flag State has exhausted or has no quotas, catch limit or effort allocation, including, if applicable, those received from another Member or CNCP under relevant SPRFMO conservation and management measures;
 - c) Do not record and/or report their catches or catch related data made in the Convention Area, or make false reports;

- d) Take on board, tranship or land undersized fish in a way that undermines SPRFMO conservation and management measures;
- e) Engage in fishing during closed fishing periods or in closed areas, without or after exhaustion of a quota or beyond a closed depth, in contravention of SPRFMO conservation and management measures;
- f) Use prohibited or non-compliant fishing gear in a way that undermines SPRFMO conservation and management measures;
- g) Tranship with, or participate in joint operations such as re-supply or re-fuelling vessels included in the IUU vessels list;
- h) Are without nationality and engage in fishing for fisheries resources in the Convention Area, and/or
- i) Engage in fishing activities contrary to any other SPRFMO conservation and management measures.

The flag State shall promptly acknowledge receipt of the notification.

This list shall be drawn up in conformity with **Annex II**. The Secretary shall transmit it together with the current IUU List, including any inter-sessional amendments, as well as all the supporting evidence provided, to Members and CNCPs whose vessels are included on these lists at least 90 days before the annual meeting.

4. Members and CNCPs, shall transmit their comments, as appropriate, including evidence showing that the listed vessels have neither fished in contravention to SPRFMO conservation and management measures, nor had the possibility of fishing for fishery resources in the Convention Area, at least 30 days before the annual meeting of SPRFMO.
